Dear Sirs,

Re: Elliot Lake Commission of Inquiry Determination of Claims for Privilege

I have received the materials that were served on you by Commission Counsel of the Elliot Lake Commission of Inquiry, requesting my determination on the claims of privilege that you have made pursuant to the Inquiry's Rules of Procedure. I understand that you were served with this material on June 11, 2013.

Because of the time pressures involved, including my own schedule, I intend to proceed with this determination by way of submissions in writing and on a relatively compressed time frame.

I therefore require that any material and written argument you propose to file be filed with me by close of business Wednesday, June 19, 2013. Commission counsel will then have two days, that is, to the close of business on June 21, 2013 to file any short reply submissions. I will determine the matter before the end of June.

You may clarify any logistics for filing as required by contacting Mr. Andrew Martin, Staff Lawyer, Court of Appeal for Ontario at andrew.martin@ontario.ca.

Yours very truly,

A handwritten signature in blue ink, appearing to read "A. Martin", is positioned to the right of the closing text.

STG/ar
