2. No lawyer at present

3. As the owner and lessee of the business known as Thomsen's The Jewellery Doctor effective April 1, 2012, my entire business including inventory, gemmological equipment, customer's repairs etc was subsequently lost sometime after the collapse and prior to handover to owner on or about August 3, 2012. I have many and serious concerns about what took place with regard to my store vis a vis the decision to demolish without any communication to me, or why I was not allowed to recover some or all of my and my customers goods, as some others allegedly were able to do.

4. I am seeking full standing on the above issues.

5. I would like to be able to make an oral submission, if necessary, in support of this application.

Funding:

1. as above.

2. as above.

3. Since I was not insured for this type of loss, I lost everything and have no funds to employ a lawyer which I believe may be necessary to properly address my particular concerns.

4. The funding will be used for expenses incurred for the purposes of this inquiry and will be accounted for by whatever means are required by this inquiry.

5. I will, if necessary, make an oral submission to support my position on this matter
